The ALLEN FAMILY

DEC. 2011

Prayer Needed

We're beginning to liquidate our USA belongings and making preparations to move to Budapest. Pray for God's wisdom in the various decisions as well as for the "visa process" to live in Hungary to go smoothly.

Pastors Trained!

You just helped make a tremendous difference in the lives of 58 pastors and their wives in India. Better equipped and awaiting more future trainings, these pastors continue ministering in difficult areas where anti-conversion laws exist.

VERY, VERY THANKFUL

As we look back at 2011, we're so very grateful for the ministry opportunities God has provided. In the Cincinnati area, God has used the Entrust courses to change the lives of numerous men and women. In Moldova, the pastors and women leaders have graduated through Entrust courses and are now multiplying the training not only in Moldova but also using their Russian language connections to tackle other areas. God continues to

multiply Christ-followers through believers we trained in Germany, China, the Middle East and India, too. It's thrilling to see God transform their hearts!
