Jeff's recruiting Trip
Nov. 12 - Nov. 26

2012-2013 Staff Needs:

Lower & upper elementary teachers

High school math

High school science

Middle school math

Middle school science

High school Bible

K-12 music

Computer teacher

Technology coordinator

School nurse

ESL teachers

Administrative Assistant

HCA TESTIMONIES

We thought in this prayer letter we would let someone else do the writing/talking! Recently Jeff was working on putting together some promotional materials for the school. He asked several groups of people to submit testimonies of how the school has ministered in their lives. So we would like to share with you some of their responses.

"Hinkson Christian Academy has allowed our children to not just survive the move to Russia, but to thrive! We are able to do what God has called us to do with the assurance that our children are continuing their education in preparation for graduation and college-life in America." HCA Parent

This is a note from one of our mission parents encouraging their organization to recruit staff for Hinkson:

"the recruitment priority for this school should be VERY HIGH, due to the fact that a large proportion of workers (missionaries) coming to Moscow to reach CENTRAL ASIANS are 3rd or 4th term workers (often who speak Central Asian languages and Russian) from a diverse set of organizations, with older kids, and they depend heavily on Hinkson for Middle and High School. Because of Hinkson, these teams are able to function among Moscow's 2 million Muslims, and base here with access to Russia's 50+ Muslim unreached people groups."

2011-2012 HCA FACULTY

This is a note from a missionary parent who six months ago adopted an eight year old from an orphanage. The child was born without hands or feet. Denis is at Hinkson part-time preparing to enroll full-time next year.

"As I was watching Denis this morning in a class I could hardly hold back my tears. Just six months ago he was in a baby home running around and behaving like an animal. Today he was learning English alphabet and trying to make sense of conversations around him. The kids were so kind to him. On the way home Denis said "Mama, they love me". Denis has been having hard time with kids. It seems like he stopped enjoying going outside because of all the looks and questions and comments. I thank the Lord for your school today."

Thank you for the part you play in making this ministry possible.

TEACHER RECRUITMENT TRIP

Jeff will be in the States from November 12th to the 26th on a recruiting trip. He will be at Moody Bible Institute, Wheaton College, Biola University, and a Christian teachers' conference in the LA area recruiting staff for the 2012-2013 school year. Please pray for safe travel and good contacts. We have many openings for next year!
