Facilitating Relational Learning

This module explores the unique needs of the adult learner and how facilitating discussions in a relational context can be a powerful way to not only discuss content but stimulate growth that leads to mature disciples of Jesus Christ. Each participant facilitates multiple discussions for hands-on experience and receives meaningful evaluation from their peers.

Walking with Christ

This supplemental workbook is the practice text for *Facilitating Relational Learning* and it covers the basic truths and practices of the Christian faith. It underscores the importance of the Word of God and prayer as the foundation of our walk with God. It also explores the topics of faith, guidance, Christian stewardship, suffering, Christian fellowship, and service.
